CONFERENCE ON MACROECONOMICS
MATCHING: OPTIMAL TRANSPORT AND BEYOND

Yale University
Friday and Saturday, September 27–28, 2019
Location: School of Management
Evans Hall, 165 Whitney Avenue
We are pleased to welcome you to the fall 2019 Macroeconomics Conference, “Matching: Optimal Transport and Beyond.”

We have an exciting program at this conference, bringing together researchers from diverse backgrounds that are interested in matching and its applications.

We thank the speakers and participants for their contributions and exchange of ideas.

We would also like to thank Darlene Smith and the other Cowles Foundation staff members for their excellent work in organizing the conference.

Let the speakers begin!
